

Start Planning for Your New Year

To ensure timely delivery of your prescriptions as we go into the new year, you may need to review your health plan information, schedule a doctor's appointment, check on prior authorizations or refill medications.

To make staying healthy as easy as possible, we've provided some handy planning tips. After all, we're here to make sure you don't miss a single dose in the new year.

Seamless Refills for a Healthy Me

Your Pharmacy

- Create** an AllianceRxWP.com account to manage your prescriptions
- Check** on medication refills
- Opt-in** for text updates on your prescriptions
- Submit** new insurance information (if needed)
- Re-enroll** in financial assistance (if required) and update your payment information
- Confirm** your address and contact information

Your Doctor

- Contact** your doctor about prescription refills
- Schedule** an appointment for new or existing medication (if required)
- Discuss** any medication concerns with your doctor
- Verify** AllianceRx Walgreens Pharmacy is your pharmacy of record
- Make sure** to get your flu shot

Your Plan

- Ask** if prior authorizations are required or need updating
- Check** if your medication coverage has changed
- Verify** your copay costs and financial assistance coverage (if applicable)
- Contact** your health plan provider with any questions
